## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments filed July 2, 2007 have been fully considered but they are not persuasive. Applicant submitted a terminal disclaimer to overcome the double patenting rejection applied in the previous office action. However, the terminal disclaimer submitted July 2, 2007 failed to identify the application used in the double patenting rejection. Therefore, the terminal disclaimer is disapproved and the double patent rejection given in the previous office action and is maintained (see non-final action mailed April 2, 2007).

### ***Allowable Subject Matter***

Claims 18-23 and 25-27 are allowed.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
